COMMUNITY ROOM

A special thank you to this year's event sponsor

St. Clair Hospital

A note of thanks

This event would not have been possible without the help of many people.

First, I would like to thank everyone who volunteered for months on our planning committee. The planning committee worked to develop this program with us, shared their ideas, and offered solutions to the problems that arise when creating a free event of this magnitude. Their help was instrumental in bringing this program to fruition.

I would also like thank our fantastic event hosts at the Beth El Congregation. Joan and Steve - and through them, all of Beth El - have never said no to any idea we came up with that would make this event bigger, better and more helpful to those with disabilities or a mental health diagnosis. They were active partners in the entire process and I have no doubt that because of their unending commitment this event will help more people.
