<b>National Domestic Violence Helpline</b> (24/7)	800-799-7233

## SCAM PREVENTION TIPS

- If it's free or sounds too good to be true, it probably is.
- SLOW DOWN – a scammer won't give you time to think clearly.
- Bills are NEVER paid with gift cards.
- Verify information independently BEFORE sending money.
- Scammers can find many personal details about people online. Don't trust someone just because they mention a familiar name, place, or have details about your property.
- Double-check email addresses. Ensure the company name after the @ symbol matches the organization from which the email states it came.

### Report a Scam

- **FBI Internet Crime Complaint Center (IC3)** – Report internet crimes directly to the FBI, including cases involving elder fraud, ransomware, and compromised business email.
