TOWAMENCIN

CELEBRATING BIRDING AT FISCHER'S PARK

SATURDAY, JUNE 14

Towamencin Township has recently been officially designated as one of PA's newest Bird Towns, confirming the Township's dedication to preserving and enhancing the area's natural environment.

Join Andrew Dolan and other Valley Forge Audubon Society volunteer guides for an early-morning 1+ mile birding outing. Fischer's Park is a great example of natural wonders well-worth preserving, including walking trails, woods along Towamencin Creek, and open fields. At least 148 species of birds have been logged as visiting or living there.

Since it's also Father's Day this weekend, we'll highlight a few fun facts about the habits and behaviors of various "bird dads" identified as we explore. The route usually takes about 2 hours, although participants may leave at any time.

All ages and abilities are welcome, including children if accompanied by an adult. Sturdy walking shoes are recommended, and of course, bring binoculars if you have them. We will have a few pair to lend.

7:30 am to 9:30 am

Accessible restrooms are available on site.

Stories In the Park

Every Thursday in July from 10:30AM – 11AM

Wentz Run Park Gazebo Lawn

A poster for the 'Street Tree Planting Program'. The background is a solid green color. On the right side, there is a large, stylized tree with many green leaves and a brown trunk. The text is arranged in a white box on the left side of the poster. The title 'STREET TREE PLANTING PROGRAM' is at the top in large, bold, white capital letters. Below the title, there are three paragraphs of text. The first paragraph describes the benefits of street trees. The second paragraph explains the purpose of the program. The third paragraph states that trees are available to Whitpain residents only and that applications are accepted year-round. At the bottom of the white box, it says 'ONE TREE PER RESIDENT' in bold, white capital letters.

STREET TREE PLANTING PROGRAM

Street Trees provide many ecological and aesthetic services. Shading our streets and creating a harmonious landscape is among the greatest benefits, increasing the value of our properties and a sense of community pride.

The Shade Tree Commission has created the Whitpain Township Street Tree Program to promote the establishment of new street trees that will benefit our community for future generations.

Trees are available to Whitpain Residents only, and applications are accepted year-round, with planting occurring in the Spring and Fall.

ONE TREE PER RESIDENT

Street Tree Planting Program

Applications are accepted year-round
