# LEGISLATIVE UPDATE

## ADVERSE CHILDHOOD EXPERIENCES

Children who suffer from Adverse Childhood Experiences (ACEs) need hope – and help – to overcome the trauma. School is one of the few places children may have refuge from abuse, household challenges, and neglect.

Addressing ACEs is a complex issue that requires more than legislation. It will require partnerships with our schools, local businesses, community organizations and families. Pictured above, Rep. Sturla has hosted House

Democratic Policy Committee hearings across the state, including in Lancaster, to bring awareness to ACEs and secure support for legislative and community solutions to this problem.

### OTHER LEGISLATIVE PRIORITIES:

- Clean Water
- Fair Education Funding
- Infrastructure Improvements
- Transportation Funding
- Workforce Development

### Rep. Sturla will soon introduce legislation that would:

- call on the Joint State Government Commission to do a study that would help establish a measuring tool for schools to use to help kids who have adverse childhood experiences;
- include absenteeism, homelessness and foster care as factors in the Basic Education Funding Formula.

# STURLA RE-ELECTED HOUSE DEMOCRATIC POLICY COMMITTEE CHAIR

For the 2019-2020 Legislative Session, Rep. Sturla was re-elected by his colleagues to serve again in the caucus leadership position of House Democratic Policy Committee Chair.

the state on issues including criminal justice reform, raising the minimum wage, toxic poverty, health care access, the importance of unions, infrastructure improvement, improving air quality, gun safety and more.
