## House of Representatives COMMONWEALTH OF PENNSYLVANIA HARRISBURG

Dear Community Leader:

I am pleased to share the latest edition of the Pennsylvania Grant and Resource Directory. The directory was updated throughout the past year and includes new grant programs that have opened during the pandemic.

While the directory is not a comprehensive list of all government programs, it is a snapshot of the popular and helpful state grants and other resources available in our Commonwealth.

The working partnerships between state and local governments and community organizations have never been more vital as we all respond to the challenges in re-opening in 2021.

If you need more information about a particular program, I encourage you to visit the agency's website for the most up-to-date information or contact my office at (717) 783-3822. I hope that you find the 2021 Pennsylvania Grant and Resource Directory helpful in your good works.

Sincerely,

A handwritten signature in black ink, appearing to read "Amen Brown".

## The Basics

1. **Determine your need.** Draft a plan and circulate for input.
2. **Research and find opportunity.** Search or browse websites, catalogs and private foundations for potential grants. This may require some creative thinking. Gather facts and figures to support your need. Often, grant solicitations will describe what they do not want, but will not fully explain what they will accept.
3. **Locate the grant contact person or website.** Once you have identified potential funding sources, inquire with the grant contact to learn the application process and how best to present your request in a way that maximizes the chances of award selection.
4. **Write proposal.** Learn how to write grant proposals and incorporate the decision makers' terms, best interests or focus.
5. **There are seven components to a proposal:**
  1. introduction of the organization
  2. summary of the project or need
  3. problem/needs assessment
  4. project objective
  5. project design
  6. funding needs and project budget
  7. project evaluation or review
6. **Review and edit the grant application(s).**
7. **Check regularly.** Keep records, follow up as needed, and thank everyone for their help. Sign up for notifications and check websites weekly for updates and new grant postings.

## How Your Representative Can Be of Further Assistance

- Partner or coordinate with local governments or regional groups on a shared goal or goals.
- Direct the applicant to websites, contact persons and grant writing sources.
- Write letters of support.
- Follow up with grant sources to ascertain status of the grant.

## Common Funding Terms

- **Appropriations – State** – Legislation requiring the governor's approval authorizing an agency, department, board, commission, or institution to spend a specified amount of money for a state purpose during a particular period of time, usually a fiscal year. The state government fiscal year begins July 1 and ends on June 30 of the next calendar year.

- **Appropriations – Federal** – An appropriation of monies received from the federal government. All federal funding, regardless of source, is deposited in the state treasury and must be appropriated by the state legislature. Federal funds are appropriated for a specific period of time. The federal fiscal year (FFY) begins October 1 and ends September 30 of the following calendar year.
- **Corporate Donations** – Corporate donors may set aside funds for public relations and philanthropic purposes. Companies often administer the donations directly or through their foundation. Check the corporate website to look at the philanthropic focus or to see which corporate foundations it is linked to.
- **Grants** – Government grants are usually competitive in nature and are administered by federal, state, and local government entities. Government grants are used to carry out a government-authorized purpose.
- **Individual benefits** – The government provides assistance through benefit programs that serve an important purpose, such as job training, nutritional assistance, education, social security benefits, veterans assistance, Medicare and Medicaid.  
See [www.benefits.gov](http://www.benefits.gov) or <https://www.dhs.pa.gov/Services/Assistance/Pages/Apply-for-Benefits.aspx>
- **Private Foundations** – There are private foundations (usually funded by an individual, family or corporation) and public charities (community foundations or other nonprofit groups). The Department of State provides an annual report on charitable organizations. The report provides an overview of registration, investigations, and audits of charitable organizations. Some private foundations qualify for tax exemption under the IRS definition of 501(c)(3). Private foundations' annual IRS Forms 990-PF are available to the public <https://www.irs.gov/forms-pubs/about-form-990-pf> To request a copy of an application (including all supporting documents), or a tax return, an IRS Form 4506A is needed: [https://www.irs.gov/site-index-search?search=4506-A&field\\_pup\\_historical\\_1=1&field\\_pup\\_historical=1](https://www.irs.gov/site-index-search?search=4506-A&field_pup_historical_1=1&field_pup_historical=1) More information is available at <https://www.irs.gov/charities-and-nonprofits>
- **Procurement: State** – The Pennsylvania Department of General Services (DGS) defines procurement as buying, purchasing, renting, leasing or otherwise acquiring any supplies, services, or construction. DGS administers procurement activities through the Cooperative Purchasing Program or COSTARS program: <https://www.dgs.pa.gov/COSTARS/Pages/default.aspx>

### **PA Link to Aging and Disability Resources**

The PA Link assists older adults (over 60) and individuals with disabilities by providing information and connecting them to the supports and services they need (non-medical and medical) to live safely in their

homes and communities. It is a coordinated network of partners that allows an individual to initiate contact with any PA Link partner and access needed information, assistance, resources, or next step in the process. The No Wrong Door approach attempts to minimize duplication of efforts by both individuals and providers, thereby streamlining access, reducing confusion, preserving resources, and creating a safety net for the most vulnerable.

The PA Link:

- Informs and connects individuals that are aged 60+ and individuals with disabilities to local long-term services and support resources.
- Provides objective information and one-on-one assistance to streamline access to community services and supports.
- Diverts individuals from more costly forms of care such as nursing facility and hospital readmissions.
- Empowers people to make informed decisions about long-term services and supports, maintaining independence and aging in place.

Sometimes referred to as “waiver” programs. These programs provide funding for supports and services to help people live in their home and community. HCBS programs offer an array of services and benefits such as qualified providers, due process, and health and safety assurances.

The name waiver comes from the fact that the federal government “waives” Medical Assistance/Medicaid rules for institutional care in order for a Pennsylvanian to use the same funds to provide support and services for people closer to home or in their own communities.

In Pennsylvania, the DHS administers seven Medical Assistance/Medicaid waivers, the Adult Community Autism Program, the Act 150 Program, and the Living Independence for the Elderly Program. Each HCBS program has its own unique set of eligibility requirements and services.

### **Community HealthChoices (CHC) Waiver**

Provides long-term services and supports to individuals age 21 and older with physical disabling conditions that are expected to last indefinitely, including individuals with acquired brain injuries, and who require a nursing facility level of care. ### **Industry Partnership Grant Program**

An industry partnership is a multi-employer collaborative that helps connect and meet the needs of workers and businesses. Effective partnerships bring companies in the same industry cluster and region together to aggregate training and address commonly held educational needs. Partnerships can help companies identify and work together to address organizational and human resource challenges: recruiting new workers, retaining incumbent workers, implementing high-performance work organizations, adopting new technologies and fostering experiential, on-the-job learning. Grants help support worker skills training to better position them and employers to remain competitive in the global marketplace. The program emphasizes outcomes such as the attainment of industry-recognized

credentials, wage gains, career advancement and retention within the workplace.

Occupational training is targeted to a specific occupation and provided to help certified workers secure employment at a skill level and wage similar to, or higher than, their layoff employment.

Based on the individual's existing skills and labor market conditions, training will be of the shortest duration necessary to return the individual to employment, with a maximum duration of 130 weeks.

TAA can also pay 50% of the salary for on-the-job training and customized training designed to meet the needs of a specific employer or group of employers.

If workers have to relocate to accept employment out of the commuting area, TAA can reimburse 90% of the cost to move them and their families, and includes a lump-sum payment equal to three times the worker's average weekly wage (but no more than \$1,250) to help them get settled.

## JVSG Grant

The Jobs for Veterans State Grants (JVSG) program provides federal funding, through a formula grant, to 54 State Workforce Agencies (SWAs) to hire dedicated staff who provide individualized career and training-related services to veterans and eligible persons with significant barriers to employment, and to help employers meet their workforce needs by hiring job-seeking veterans.

The JVSG program supports the Disabled Veterans' Outreach Program (DVOP) specialist position, Local Veterans' Employment Representative (LVER) staff and Consolidated Position staff. DVOP specialists provide individualized career services to veterans with significant barriers to employment, with the maximum emphasis directed toward serving veterans who are economically or educationally disadvantaged. Veterans with barriers include homeless veterans and vocational rehabilitation clients. LVERs conduct outreach to employers and business associations and engage in advocacy efforts with hiring executives to increase employment opportunities for veterans and encourage the hiring of disabled veterans. Consolidated position staff serve in a dual role as DVOP and LVER.

Most state workforce agencies' funding allocation is determined by a ratio reflecting the total number of veterans seeking employment in a given state to the total number of veterans seeking employment in all states. Several states receive a minimum amount of funding to ensure that a certain level of staff can be maintained, particularly in states with remote pockets of Native Americans and many sparsely populated, rural counties.

## RESEA Grant

The Unemployment Insurance (UI) program is a required partner in the broader public workforce system, providing unemployment benefits to individuals who have lost their employment through no fault of their own and who otherwise meet initial and continuing UI eligibility requirements. Beginning in 2005, the U.S. Department of Labor Employment and Training Administration funded the voluntary UI Reemployment and Eligibility Assessment (REA) program to address UI claimants' individual reemployment needs, as well as detect and prevent improper benefit payments. In 2015, the Reemployment Services and Eligibility Assessment (RESEA) program replaced the REA program, providing greater access to reemployment services in addition to services previously provided under the REA program.

In Fiscal Year (FY) 2018, amendments to the Social Security Act permanently authorized the RESEA program and implemented several significant changes, including formula-based funding and a series of requirements intended to increase the use and availability of evidence-based reemployment interventions and strategies. The permanent RESEA program has four purposes:

- Reduce UI duration through improved employment outcomes
- Strengthen UI program integrity
- Promote alignment with the vision of the Workforce Innovation and Opportunity Act (WIOA)
- Establish RESEA as an entry point to other workforce system partners

### **FLC Grant**

The mission of the Office of Foreign Labor Certification (OFLC) of the Employment and Training Administration (ETA) is to determine, case-by-case, whether there are able, willing, and qualified U.S. workers available for a job, and whether there will be any adverse effect on similarly employed U.S. workers should a labor certification be granted.

The Immigration and Nationality Act (INA) assigns certain responsibilities to the Secretary of Labor (Secretary) for employment-based immigration programs. The Secretary has delegated the non-enforcement responsibilities of these labor-certification programs to the OFLC. Accordingly, statutory, and regulatory provisions of the labor certification programs administered by OFLC require nearly all employers seeking to hire either permanent or temporary foreign labor to apply to the Secretary for a labor certification.

Congress appropriates funding for state foreign labor certification activities through the State Unemployment Insurance and Employment Service Operations (SUIESO) account. These state grants fund services provided by state workforce agencies in support of the foreign labor certification program, including the placement of employer job orders, inspection of housing for agricultural workers and the administration of prevailing wage and practice surveys. The OFLC distributes this grant funding annually in accordance with approved state plans.

### **Work Opportunity Tax Credit (WOTC)**

WOTC provides private-for-profit employers with federal tax liability savings as an incentive to hire job seekers with barriers to employment. WOTC targets short- and long-term Temporary Assistance for Needy Families recipients; Supplemental Nutrition Assistance Program (SNAP) recipients; veterans on SNAP; disabled veterans; unemployed veterans; recent Office of Vocational Rehabilitation customers who received services through a state plan for vocational rehabilitation or the U.S. Department of Veterans Affairs (VA) or have a Ticket to Work and an active individual work plan with an Employment Network (EN); Supplemental Security Income Recipients; ex-felons; designated community residents, summer youth living in an empowerment zone or Rural Renewal Community and the new Long-Term Unemployment Recipient. WOTC also provides nonprofit, 501(c)(3), employers with a social security tax deduction as an incentive to hire any of the five veteran target groups.

For most target groups mentioned above, WOTC is 40 percent of the first \$6,000 in wages, for a maximum credit of \$2,400 (exceptions to these amounts apply to some target groups). A new hire must be employed at least 400 hours for the employer to receive the maximum. A partial credit of 25 percent is permitted for employees working between 120 and 399 hours.

### **TANFBG – Youth Employment and Training**

Since 2000, the Commonwealth of Pennsylvania has provided a significant amount of annual funding support from the Temporary Assistance for Needy Families (TANF) block grant to Local Workforce Development Boards (LWDBs), and their youth committees. The TANF Youth Development Program provides comprehensive services to youth by connecting them to available resources within their community. The program encourages the network of state and local youth services providers and workforce development providers along with public housing agencies to develop workforce programs for needy and at-risk youth that provide employment, educational experiences, and essential skills such as financial literacy and time management. TANF funds enhance WIOA Youth Formula funding and extend the availability of high-quality workforce investment activities to low-income youth, and to continue addressing the unique challenges that most often affect the ability of our young people to succeed. This year’s allocation was \$25 million and there have been 13,526 participants served as of December 2019.

**Help America Vote Act (HAVA) 2020 CARES Act Grant Fund**

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. This supplemental appropriation funding, distributed by the U.S. Elections Assistance Commission (EAC), provides states with additional resources to protect the 2020 elections from the effects of the novel coronavirus.

Pennsylvania's share of this federal funding is \$14,223,603. An additional 20% match or \$2,844,721 from state funds brought the total amount of the award to \$17.1 million.

On April 28, 2020, Secretary of the Commonwealth Kathy Boockvar notified Pennsylvania counties the intent to distribute \$6 million of its share of grant funds to the counties for the purposes of increased election expenses arising due to COVID-19, including voter notifications and education, increased costs related to mail-in and absentee voting, supplies to mitigate the spread of COVID-19, and increased equipment, staffing, training, or other needs permissible under the CARES Act.

**Help America Vote Act (HAVA) 2020 Election Security Grant Fund**

On December 20, 2019, the Consolidated Appropriations Act of 2020 was signed into law. Pennsylvania's share of this federal funding is \$15,175,567. An additional 20% match or \$3,035,114 from state funds brought the total amount of the award to \$18.2 million.

On April 27, 2020, Secretary of the Commonwealth Kathy Boockvar notified the Election Assistance Commission (EAC) that Pennsylvania intended to distribute \$7 million of its share of grant funds to the counties for these purposes:

- Increased personnel, equipment, and/or other approved expenditures related to the expansion of the provision and administration of election services and opportunities granted to Pennsylvania voters under Act 77 of 2019 (Act 77), historic bipartisan legislation providing the most comprehensive improvements to Pennsylvania's elections in more than 80 years;
- Ransomware, DDOS Protections, and other cyber security measures;
- Increased security of voting systems and ballots; and/or
- Increased expenditures to expand vote by mail and other voter services.

Portions of both these grants will be expended directly by the commonwealth for statewide efforts such as election security and technology enhancements for the counties and state, post-election audit implementation, training and support for election officials, notifying and educating voters of the change

in primary date and the opportunity for all voters to vote by mail, providing precinct protection kits containing masks, sanitizers, and other supplies to all counties, implementing a statewide online accessible vote by mail option so that voters with disabilities can vote by mail, and other efforts consistent with the Acts.

## **BUREAU OF INNOVATIONS**

### **Agility Program**

This innovative, streamlined program is designed to make the most of limited resources by exchanging services between PennDOT district and county maintenance offices and public procurement units such as municipalities, charitable hospitals, school districts, metropolitan and rural planning organizations, volunteer fire departments, law enforcement agencies, state and federal government agencies, community colleges, etc. Agility allows the exchange of services, instead of money, between PennDOT and eligible partners. For example, PennDOT may patch potholes along a township road in exchange for having the township's crew mow along state roads. The program enables local governments to accomplish more than they could have with their own limited resources and increases our collective effectiveness and efficiencies for the general public.

Agility agreements have a contract life of five years with a three-year renewal clause for a total of eight years. The exchange of services must be of a reasonably equal value, detailed on a single-page work plan, and approved by PennDOT, the partner and AFSCME.

## **BUREAU OF PLANNING AND RESEARCH**

Training is supplemented by one-on-one technical assistance via phone, email, and site visits and through publications highlighting recent practical technological advances. Most LTAP services are available at little or no cost to municipalities to help them meet their transportation needs.

### **PennDOT's Twelve Year Program**

The Twelve Year Program (TYP), which is the commonwealth's official transportation program, is a multimodal, fiscally constrained program of transportation improvements spanning a 12-year period. Multimodal means that the TYP includes all travel modes including highways, bridges, public transit, aviation, rail, and bicycle and pedestrian. PA State Law, Act 120 of 1970, as amended, requires PennDOT to prepare, update and submit Pennsylvania's TYP every two years to the State Transportation Commission for their review and approval. The first four-year period of the Twelve Year Program also serves as the State Transportation Improvement Program (STIP). The STIP is submitted to the Federal Highway Administration/Federal Transit Administration for approval following STC's approval of the TYP. The development of the program is coordinated with PennDOT's Metropolitan Planning Organizations (MPOs) and Rural Planning Organizations (RPOs).

### **Highway Transfer (Turnback) Program**

The commonwealth enacted Act 70 in July 2006 amending Act 32 of 1983, authorizing an increase in the annual maintenance payment rate for all turnback roads from \$2,500 per mile to \$4,000 per mile. This annual maintenance payment is made in perpetuity for the maintenance of the roadway and is paid to municipalities in April of each year. The objective of this program is to transfer the ownership of state-owned roads that predominantly carry local traffic, carry low numbers of vehicles on a daily basis, and/or would better serve the community if operated under municipal jurisdiction. PennDOT either rehabilitates the roadway before the transfer takes place or provides the municipality with funding to rehabilitate the roadway to improve its quality and service life. Local officials must adopt a resolution authorizing the acceptance of the transfer. Each PennDOT district office has a turnback coordinator who can assist local governments.

### **INVEST Program**

The INVEST program provides cash management for local governments and nonprofits. Similar in concept to money market funds, INVEST offers two highly rated short-term investment pools and custom pools for longer term investment needs. INVEST's portfolios are managed by Pennsylvania Treasury investment professionals, who also oversee the investment and custody of nearly \$80 billion in public funds. While INVEST funds are never co-mingled with state funds, Treasury can negotiate better rates by leveraging its purchase power for INVEST as well as its investment pool for state agencies. Treasury does not seek a profit from INVEST, further helping to minimize costs to participants. More information is available at [www.painvest.gov](http://www.painvest.gov) or [www.patreasury.gov](http://www.patreasury.gov)

Call 866-300-4603 for the Local Government Investment Pool application form or the Community Investment Pool application form. All applications should be directed to Pennsylvania Treasury, INVEST Program, Room 120 Finance Building, Harrisburg, PA 17120.

### **Unclaimed Property**

Each year, the Pennsylvania Treasury receives hundreds of millions of dollars in unclaimed property and works hard to return it to its rightful owners. Unclaimed property is any financial asset that has been left with a "holder," such as a bank, insurance company or other business or organization, without activity or contact for multiple years, depending on the property type. By law, holders must transfer unclaimed property to Treasury.

The most common types of unclaimed property are savings or checking accounts, stocks, dividends, uncashed checks, certificates of deposit, unclaimed insurance benefits, or items abandoned in safe deposit boxes. As of August 2018, Treasury is currently seeking the rightful owners of more than \$3.7 billion in unclaimed property.

Individuals can search for unclaimed property at [www.patreasury.gov](http://www.patreasury.gov). Claimants may also use the Treasury website to check the status of an unclaimed property claim. Claimants seeking assistance with their claim may email inquiries to [TUPMail@patreasury.gov](mailto:TUPMail@patreasury.gov). Holders needing information about reporting unclaimed property reporting forms, or reporting software, may email any questions to [HolderReporting@patreasury.gov](mailto:HolderReporting@patreasury.gov) or visit [www.patreasury.gov](http://www.patreasury.gov). Holders must report all unclaimed property by April 15 each year.

The program design allows for easy compliance with Pennsylvania's Guaranteed Energy Savings Act.

The Foundation for Renewable Energy and Environment, an internationally recognized nonprofit, administers the PennSEF program for Treasury.

### **Keystone Scholars**

Signed into law in June 2018, the Keystone Scholars Program establishes a \$100 "get started" account for every newborn who is a Pennsylvania resident or adopted by a Pennsylvania family. The \$100 will grow through investment in a PA 529 Guaranteed Savings Plan account and is not paid for with any taxpayer funds. Families have until their child turns 29 years old to use the funds. The Keystone Scholars account – and any additional college savings each family saves by opening a PA 529 account – can be used for any qualified higher education expense at an approved institution of higher education, including trade schools, vocational programs, community colleges, and universities in or outside Pennsylvania. Any child born on or after January 1, 2019, who is a Pennsylvania resident at birth or adopted by a Pennsylvania family will be automatically enrolled in the program. For more information on the Keystone Scholars program visit [www.pa529.com/keystone](http://www.pa529.com/keystone)

Keystone Scholars is open to Pennsylvania residents born after December 31, 2018, and children born after December 31, 2018, who are subsequently adopted by a Pennsylvania resident. The child must be a Pennsylvania resident at birth or adoption and at the time the Keystone Scholars funds are used. The child must also be the Beneficiary of a PA 529 account other than the Keystone Scholars Account at the time Keystone Scholars funds are used. If not used by the beneficiary's 29th birthday, the funds will be returned to the Pennsylvania Treasury Department (Treasury).

Funds in a Keystone Scholars Account will be invested in a PA 529 GSP account and will remain under the sole custody of Treasury until they are used for the purposes of paying for qualified higher education expenses at an institution of higher education. A list of qualified higher education expenses may be found at [www.pa529.com](http://www.pa529.com). No additional funds may be contributed to a Keystone Scholars Account. However, families are encouraged to save in their own PA 529 account.

### **Redevelopment Assistance Capital Program (RACP)**

The state's RACP program is designed to aid community and economic development projects throughout the commonwealth that demonstrate significant economic impacts to local and regional economies. The RACP program operates as a reimbursement program for eligible project costs including, but not limited to, construction, land acquisition (percentage limitations may apply), permitting and any interest costs paid during construction. Capital projects eligible for RACP funding must have a total project cost of at least \$1 million, with a required minimum of 50% participation in non-state match. The process for securing RACP funds begins with the inclusion of a line-item authorization for a specific project in the state's Capital Budget, allocating a certain amount of funding to the project.

Candidates who have an authorized and eligible project will need to submit an e-RACP application to the Office of the Budget. All submissions that pass an initial review of eligibility and completeness will be considered for an RACP grant award.

There is a 30-day "public comment period" after the closing of an e-RACP application window until an award can be made. Once the initial review of all the projects has been completed and the public comment period has closed, the Office of the Budget will forward a complete listing of projects and summaries to the administration for grant award consideration.

All successful candidates will be notified via individual correspondence that the e-RACP application submission has resulted in a grant award and the amount approved therein. The applicants that DID NOT received an award WILL need to re-apply during a future open window for grant consideration. The award letter will serve as written notification authorizing the preparation and submission to the Office of the Budget of a formal and complete Redevelopment Assistance Capital Program Application and Business Plan for the project. All applicants must notify the Office of the Budget within 30 days of receipt of their award letter as to whether or not they are accepting the grant award. If the award has been accepted, the applicant must submit its formal Application and Business Plan within six months of the date of the award letter. They must also be able to demonstrate that at least 50% of the required non-state funds (matching funds) necessary to complete the project are secured at the time of the application among other stipulations in order to receive a grant agreement.

Once the grant agreement is fully executed, the grantee will then have a maximum of six months to meet the terms and conditions of the grant agreement. Once construction activities have started, the grantee is entitled to receive reimbursements based on submission of eligible and compliant paid costs and satisfaction of the terms and conditions of the grant. A legislatively mandated audit will result after construction completion.

Who May Apply: Entities that have a project itemized in a Capital Budget Itemization Act from the past 10 years. List of eligible projects can be found here: [Itemized Project Eligible for Funding \(Excel\)](#).

Use: The acquisition and construction of regional economic, cultural, civic, recreational, and historical improvement projects that have a regional or multi-jurisdictional impact and generate substantial increases or maintain current levels of employment, tax revenues, or other measures of economic activity. Funding Source: General Obligation Debt

Funds: Projects must have a \$1 million minimum project cost and a 50% match (state funds cannot be used as match).

The Pennsylvania Developmental Disabilities Council (PADDCC) is a group made up of people with disabilities, family members, advocates and state department representatives who work to create favorable conditions for people with developmental disabilities and their families in the commonwealth. Created under the Federal Developmental Disabilities Assistance and Bill of Rights Act and Governor's Executive Order, the council is both a planning group and a funding body. PADDCC envisions a commonwealth comprised of inclusive communities where all people with disabilities are valued and thrive.

The council's work is broad and its activities are many. The council engages in advocacy, systems change and capacity building for people with developmental disabilities and their families in order to:

- Support people with disabilities in taking control of their own lives
- Ensure access to goods, services and supports
- Build inclusive communities
- Pursue a cross-disability agenda
- Change negative societal attitudes toward people with disabilities

In so doing, the council will bring about benefits to individuals with disabilities other than developmental disabilities and, indeed, to all people.

The Pennsylvania Developmental Disabilities Council concerns itself with trends at the local and national levels that may have an influence in the lives of people with disabilities and/or their families. By carefully watching and examining trends and new developments, the council is up-to-date on ways to support people with disabilities and families right here in Pennsylvania.

The council is always seeking thoughts and ideas from concerned citizens regarding issues that affect the lives of people with developmental disabilities and creative ideas for tackling these issues in Pennsylvania. For more information contact the council.

### **HOW DO ORGANIZATIONS GET GRANTS FROM THE COUNCIL**

The council funds proposals from groups and organizations through a competitive bid process. All grant activities of the council are governed by the council's federally approved state plan and by the procurement requirements of the U.S. Department of Health and Human Services and the Commonwealth of Pennsylvania.

Grants are typically available for only short periods of time and are generally for specified activities. The council periodically announces Requests for Proposals (RFPs) and issues notices of funding for smaller

grants through its Community Small Grants. It does not have discretionary funds beyond those publications. The council only accepts proposals for the projects described in the RFP booklet and in response to notices of funding for the Community Small Grants.

The RFP booklet contains descriptions of projects that the council will be funding and instructions on how grant proposals must be written to meet the council's requirements. People on the council's mailing list receive the booklet in the mail. Other copies of the booklet are distributed by hand or accessed on the council's website. To receive an announcement notice that an RFP booklet or a notice of funding has been issued, and to have the most up-to-date information as deadlines and new and recurring grant opportunities change, please subscribe to our mailing list on our website at: [www.paddc.org/contact](http://www.paddc.org/contact)

## **Pennsylvania Humanities Council (PHC)** [www.pahumanities.org](http://www.pahumanities.org)

The Pennsylvania Humanities Council (PHC) is an independent partner of the National Endowment for the Humanities and part of a network of 56 state humanities councils that spans the nation and U.S. jurisdictions. Today, across the commonwealth, PHC puts the humanities in action to create positive change that bring Pennsylvanians together to build avenues for civic involvement and community development.

Pennsylvania Humanities Council staff members are engaged grantmakers, innovative program designers, dedicated partners, and passionate advocates. Our programs and grants focus on areas of need where the humanities can have the greatest impact in Pennsylvania today: civic engagement and education.

We work with communities to build their capacity to achieve long-term goals, from engaging teens in strengthening skills for school and life, to coaching residents as they plan a better future for their town.

We travel across the commonwealth and across sectors--through partnerships with local government, business and philanthropic leaders, city planners, artists, librarians, grassroots community activists, university researchers and others--to achieve the greatest impact and broadest reach possible.

We advocate for the crucial role the humanities play in our lives and our society--and for continued resources to keep them vital and visible.

## **Public Utility Commission** [www.puc.pa.gov](http://www.puc.pa.gov)

The Pennsylvania Public Utility Commission balances the needs of consumers and utilities to ensure safe and reliable utility service at reasonable rates; protects the public interest; educates consumers to make independent and informed utility choices; furthers economic development; and fosters new technologies and competitive markets in an environmentally sound manner.

The Pennsylvania Public Utility Commissions Office of Communications offers an online Electric and Gas Supply Shopping tool for consumers through [www.PAPowerSwitch.com](http://www.PAPowerSwitch.com) and [www.PAGasSwitch.com](http://www.PAGasSwitch.com)

Both websites allow consumers to enter their zip code to see the competitive offers and prices available in their area. Other features include: a Spanish language companion site, consumer alerts emails, weekly updates on suppliers and prices available; a printable version of the zip code-searchable supplier list; brochures and ways to save energy are available on the website, and this information can be mailed upon request.

PAPowerSwitch and PAGasSwitch are just some of the many educational tools the PUC offers. PUC fact sheets, brochures, speaking engagements, roundtable discussions and conferences are other successful ways to help consumers shop wisely for utility services or learn about energy assistance programs and are conducted by our Senior Communications Specialists, Shari A. Williams at 215-560-6901, [shariwilli@pa.gov](mailto:shariwilli@pa.gov) - Christina Chase-Pettis at 717- 772-8884, [cchasepett@pa.gov](mailto:cchasepett@pa.gov) and Information Specialist, Juanita Gale at 412-423-9313, [jgale@pa.gov](mailto:jgale@pa.gov).

## **ENERGY ASSISTANCE PROGRAMS**

### **Budget Billing**

All residential customers may contact their electric or natural gas company and request budget billing at any time. Each monthly bill will be the same amount. The company may adjust the bill four times a year, up or down, depending on the customer's usage.

### **Customer Assistance Program (CAP)**

CAPs can lower your monthly utility bill. CAPs may also remove the amount you already owe. Each company has a CAP and works with the customer to determine what the customer can pay versus the cost of energy used.

Customer Assistance Referral and Evaluation Program (CARES) – The CARES program helps customers with special needs. CARES may help you find ways to pay your utility bill. For example, special needs are customers who are experiencing family emergencies, divorce, unemployment, or medical emergencies. The goal is to provide support and direction to help customers pay their utility bills.

### **Hardship Funds**

Utility companies have hardship funds that provide cash assistance to utility customers to help them pay their utility bills. Hardship funds provide assistance grants to customers who “fall through the cracks” of other financial assistance programs, or to those who still have a critical need for assistance after the other resources have been exhausted. The funds make payments directly to companies on behalf of eligible customers.

### **Low Income Usage Reduction Program (LIURP)**

LIURP helps low-income residential customers lower the amount of electricity or natural gas used each month. Typically, the company may install energy saving features in your home to help reduce bills. For example, a smaller bill means your payment covers a greater portion of the bill or perhaps covers the whole bill.

### **Assistance Qualifications**

Customers must meet certain income limits and be payment-troubled to qualify for CAP, CARES, LIURP and Hardship Funds. Payment-troubled usually means customers have made a payment agreement with the company. The chart below shows the income levels at 150 percent of the Federal Poverty Guidelines customers must meet in 2020 for CAP. The income levels are slightly higher for LIURP, CARES and Hardship Funds. Customers who meet these limits should call their local electric or natural gas company for details to see if you qualify. Each company's toll-free number is listed below.

2020 Household Size Monthly Income Guidelines:

Size of Household	150% of Poverty
1 person	\$1,595
2 persons	\$2,155
3 persons	\$2,715
4 persons	\$3,274
5 persons	\$3,835
6 persons	\$4,395
7 persons	\$4,955
8 persons	\$5,515

For each additional person, add \$560.

### **Low-Income Home Energy Assistance Program (LIHEAP)**

LIHEAP is a federal program that provides financial assistance to low-income households to pay energy bills. In Pennsylvania, LIHEAP is administered by the PA Department of Human Services (DHS) and consists of three components:

- **Cash Benefits:** Helps low-income customers pay their home energy bill.
- **Crisis:** Helps low-income customers meet home emergency situations and restore services if service has been shut off.
- **Weatherization:** Helps qualified low-income customers reduce their energy consumption through home improvements.

**Note:** Low-income customers who qualify for Cash and Crisis can receive both. Your household income must be within certain limits to qualify. These limits are listed on DHS' website at [www.dhs.pa.gov](http://www.dhs.pa.gov). If you have more

questions about LIHEAP, you may call your local county assistance office or the toll-free LIHEAP hotline at 1-866- 857-7095 (individuals with hearing impairments may call the TDD number at 1-800-451-5886).
