### Overview

In honor of Women's History Month

In honor of Women's History Month, this engaging program in March shines a light on the courage, resilience, and determination of women whose contributions are too often overlooked.

Even women were deeply involved in the Revolutionary War—serving as spies, managing their husbands' professions while they were away, and in some cases, taking up arms and fighting themselves. Join us to hear the fascinating stories of remarkable women who came to the aid of the Patriots and helped shape the course of history.

Come discover the powerful stories of these Revolutionary Women!
