Understanding the Offer Letter

The Offer Letter that you receive from institutions may have several types of financial aid included. The Account Executive team will help explain what is taken into consideration when an Offer Letter is prepared, review Cost of Attendance, and then provide an in-depth overview of the items found on most Offer Letters. At the end of this presentation, you'll have a better understanding of the types of aid being offered and you'll more easily identify the balances and next steps so that you can make informed decisions.

Towamencin Township

Do you have a favorite spring bird? Maybe it's the early-arriving Eastern Phoebe, "saying its name" with its call, or the noisy male red-winged blackbirds flashing their bright red wing patch as they fly. Perhaps it's the gorgeous blue-backed tree swallow or the resident bluebirds getting ready to raise their first brood of the season. These are among our favorites too, and we will be exploring them and more during this Fischer's Park outing.

Join Andrew Dolan and other VFAS volunteer guides on our 1+ mile route. The path is easy and mostly paved, with some areas of gentle incline and diverse habitats including fields, woods edges, and streams. We'll watch and listen for other resident species and more migrating birds such as gray catbirds, early orioles, and various warblers.

All ages, abilities, and experience levels are welcome, including children if accompanied by an adult. Comfortable walking shoes are recommended. Bring binoculars if you have them. Guides will have several pairs to loan.

Restrooms are accessible. - Guides: Andrew Dolan, Lynn Sowden, Jim Ermer, Connie Stevenson
